Portfolio: <https://tharujaye.com>

PROFESSIONAL SUMMARY

Creative and versatile Computer Science undergraduate with a focus on Usability, Interaction, and Web Computing. Experienced in UI/UX design and full-stack development, with a strong track record in building impactful web and mobile applications. Skilled in tools like Figma, React, Flutter, and Java. Proven leadership in tech communities such as IEEE and Mozilla, with a passion for creating meaningful user experiences and scalable solutions.

SKILLS

UI/UX & Design Tools: Figma, Adobe XD, Axure, Framer, Webflow

Graphic/Video Design Tools: Adobe Photoshop, Illustrator, After Effects, Premiere Pro

Frontend Development: React.js, Next.js, Flutter, HTML, CSS, JavaScript

Backend Development: Java (Spring Boot), Node.js, Express.js, PHP

Other: Git, Firebase, REST APIs, Agile, Usability Testing, Wireframing, Prototyping

EDUCATION

B.Sc. in Computer Science (Specialising in Usability and Interaction & Web Computing)

Informatics Institute of Technology (Affiliated with University of Westminster, UK) | 2023 – 2027 (Present)

Foundation Certificate in Higher Education with Distinction Awards (2022)

Informatics Institute of Technology | 2022

Primary to Higher Education

Dharmasoka College, Ambalangoda | 2010 – 2023

CERTIFICATIONS

- **UX Foundations: Interaction Design** – LinkedIn Learning (2025)
- **Google UX Design Foundations** - Coursera (2025)
- **JavaScript Essential Training** – LinkedIn Learning (2024)
- **Java Object-Oriented Programming** – LinkedIn Learning (2023)
- **Graphic Design Foundations: Typography and Colour Theory** – LinkedIn Learning (2024)
- **Graphic Design in Photoshop** – Udemy (2022)
- **Google Digital Marketing** – Google Digital Garage (2021)

EXPERIENCE

Freelance Graphic Designer | Qbix Labs | 2022–Present

- Designed digital designs for startup clients in the retail and productivity sectors.
- Collaborated with business owners and iterated based on client feedback.

Digital Marketing & Creative Director | Tharu Jaye Studios | 2023–Present

- Created branding materials, product mockups, and digital assets.
- Managed outreach campaigns for creative projects.

Music Producer | Tiii Jay Music | 2023–Present

- Produced, mixed, and distributed instrumental tracks on multiple platforms.
-

PROJECTS

EnerGex (2025)

UI Designing & Frontend Development

- Designed and developed a smart electricity usage monitoring app UI using Figma and React.
- Integrated real-time usage stats and energy-saving tips.

FoCofi (2025)

UI/UX Designing & Development

- Designed a productivity-focused UI for Focus Assist for study and productivity tasks.
- Conducted user research on the impact of lo-fi music on focus and study patterns.

Eventide (2025)

UI/UX Designing & Frontend Development

- Designed event booking platform UI in Figma, implemented frontend components with React.

BraveSpace (Software Development Group Project) (2024)

UI/UX Designing & Flutter Development

- Built a Flutter-based mobile ui integrated with a Java backend to deliver VR therapy for children with social anxiety.
- Participated in testing and feedback sessions for accessibility improvements.

EcoNest (2024)

UI/UX Designing

- Created an eco-lifestyle mobile app UI in Figma, promoting green living habits. Collaborated with 2 team members.
- Applied colour theory and accessibility principles for visual clarity.

LifeTrack (Human Computer Interaction Coursework) (2024)

Team Leader & UI/UX Designing

- Designed a health-tracking app prototype using Figma with gamification for wellness routines.

Real Time Event Ticketing System (Object Oriented Programming Coursework) (2024)

Backend Development

- Developed a Ticket management web application working in real time.

Bookstore Management System (Client Server Architectures Coursework) (2025)

Backend Development

- Developed a Bookstore management app that works for clients and admins.

Flight Booking System (Software Development 1 Coursework) (2024)

Backend Development

- Developed a Flight Booking app for buying and searching tickets.
-

VOLUNTEERING & LEADERSHIP

IEEE Robotics and Automation Society (RAS) of Informatics Institute of Technology, Sri Lanka

- Editorial Lead (Design), 2023–24
- Design & Content Lead – RobotNexus (2024), MicroMaze (2024)

IEEE Engineering in Medicine and Biology Society (EMBS) of Informatics Institute of Technology, Sri Lanka

- Design Coordinator (2025)
- Design Lead - Benchmark

IEEE Robotics and Automation Society (RAS) Sri Lanka Section – Public Visibility Coordinator (2023–2024)

Mozilla Campus Club of Informatics Institute of Technology – PR and Media Team Member (2024–Present)
